- b) Missing yellow lines present on Ilfracombe Road in 2009 are now completely worn out and also the 30 mph sign on the road too. C Cllr Davis will follow up with Highways, including the Stang Lane road markings at the junction by the school and with Ilfracombe Road (the Square) and the Dean Lane junction with Ilfracombe Road.

C Cllr Davis indicated that DCC discussions about introducing 20 mph speed limits had gone quiet.

### 231/25 Report from District Councillor.

D Cllr Wilkinson was absent from the meeting.

### 232/25 Reactive Speed Signs

Cllr Reeves had recently spoken with Chris Wallace (chosen poles installer) reference placement of the signs. Cllr Reeves expects to get two signs positions active by end of half term.

Cllr Reeves continues chasing full responses from utilities providers, especially in relation to the location near Dean View on Ilfracombe Road. Cllr Reeves will contact Chris Wallace and advise we are looking to go ahead with at least 2 of the sites in October.

Cllr Reeves recommended the Parish Council commence discussion with locals, including the school, regarding the positioning of the Reactive Speed Signs. He also mentioned that there was a need to test out the kit i.e. charge the batteries and test the Speed Sign.

It was agreed that Cllr Reeves and Cllr Ayre would create a list of neighbours and addresses that need to be contacted to discuss the plan and the positioning of support poles (initially on Dean Lane and School area, and Ilfracombe Road later when position finalised).

A Residents letter has been prepared and circulated to Cllrs for comment. Cllr Lavender proposed that the letter be approved for distribution, seconded by Cllr Kenshole, decision unanimous.

## 235/25 Footpaths

a) Review Grass Cutting & Bus Shelter cleaning schedule.

This was last updated in June 2025; Cllr Kenshole requested that the village sign at the top of Ilfracombe Road be added to the work schedule.

Cllr Reeves wrote to DCC to request clarification as to whether Dave Trickett is contracted by DCC to maintain footpath 3 and the conclusion was that it was preferable for West Down Parish Council to take over responsibility for maintaining this footpath from now on.

Consequently Cllr Reeves requested FP3 be added back to the schedule. Cllr Reeves will speak to the owner of land crossed by FP3 at Stocklands Hill Farm to confirm this plan.

Cllr Ayre asked whether the grass triangle area by the Church was maintained by the Church or whether the Parish Council should include this in the schedule of works under the grass cutting contract. The Clerk will investigate and the Council can discuss at the November meeting.

Cllr Reeves suggested that a draft revised schedule of works be created for review at the next meeting after which quotations can be sought for work in 2026. Schedule to be drafted by Cllr Verney & Cllr Reeves.

b) Update on both new and outstanding P3 grant claims.

The outstanding P3 sum of £220 has been received.

Clerk to follow up on P3 grant funding process and how to claim for this year.

c) Any other footpath matters. (Including National Grid/Hi-Line Tree work in Garden Lane.)

In the absence of Cllr Verney the following 2 items from 177/25 c) remain open until the next meeting :

1. Cllr Ayre suggested Mr Knight give the Parish Council a figure for the outstanding work (repair Pulland bridge stonework and clear entrance to f/p 12 at Aylescott Lane), with other

quotations not being required if the cost is under £500. Cllr Verney will speak to Mr Knight about this on this coming Saturday.

2. Cllr Verney referred to hedges overhanging Footpath 12 in Garden Lane. Cllr Ayre has the letter sent to landowners in the past. Cllr Verney will provide addresses in this respect and an appropriate letter will be sent to them reminding them of their responsibilities.

The Clerk spoke with Wayne Gostling at Hi-Line on 30<sup>th</sup> September and Hi-Line are still waiting for National Grid to advise date for the power to be switched off so that work can be undertaken along Garden Lane. Wayne will be meeting National Grid engineers on 2<sup>nd</sup> October and he will ask them to expedite asap.

Cllr Ayre & Cllr Reeves will create a list of additional work (at 2 bridges) including strimming the entrance to FP12 and then ask Jon Knight for a quotation.

Contractor Jon Knight has asked about the use of weed killer. Cllr Reeves will enquire what the local authority use along with any guidelines.

Footpath survey forms will be available shortly for path checking during the next 2 months.

**236/25 Road Warden Scheme:** To discuss the next steps, including Road Warden Training.

Postponed until next meeting when Cllr Verney available.

#### **237/25 Review of Quotation and Tender Policy**

There is a Bus Service Improvement Plan (BSIP) grant available from DCC of 50% which can be reclaimed after the project has been completed. Proposed recommendation to accept Devonshire Makers estimate by Cllr Reeves seconded by Cllr Ayre to go ahead subject to confirmation of BSIP grant funding. (The bus shelter will be built at his workshop so minimum time on-site for practical and safety reasons.)

Cllr Verney previously offered to paint the other bus shelters so await his update next meeting.
